Lighting THAT

BEAUTIFIES AND DECORATES

U. S. Patent Office
APR 27 1953
Design Division

Lighting is as much an integral part of home decoration as furniture, drapes and other appointments. The wise homemaker must therefore choose illumination with even more precise care than other furnishings...as proper illumination is a necessity to good health and often makes the difference between a commonplace decor and one of enchantment and distinction. Between the covers of this catalog you will find HALCOLITES for every popular period...for every illuminating requirement in the home...in every price range. Each has been engineered for lighting efficiency...styled for beauty and authentic design...and finished for lasting durability, in accordance with the high standards of over a third of a century.

The HALCOLITE factory operates under contract with the Brotherhood of Electrical Workers, A.F. of L. Local #3.
HALCOLITES are Underwriter approved and carry the seal of the Underwriters' Laboratories.

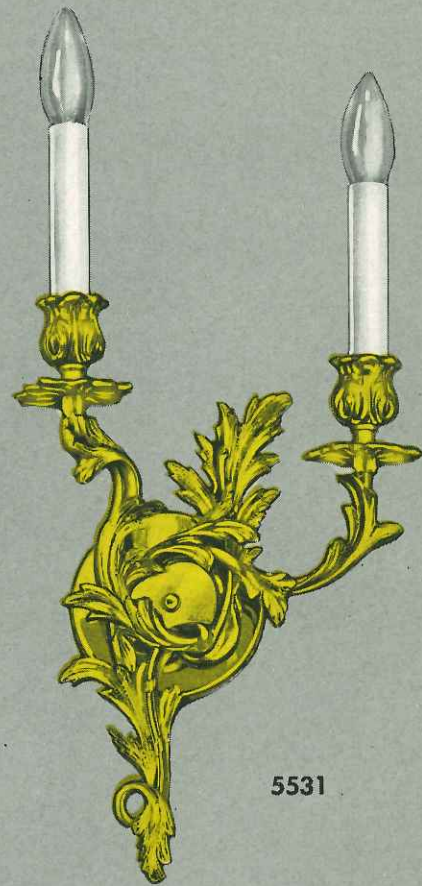

HALCOLITE... *the finest home illumination available*

FRENCH GOLD *and* CRYSTAL

For the elegant room . . . nothing surpasses the combination of French Gold and Crystal. These all imported fixtures will complete the most exacting interiors . . . will give you the opportunity to step away from the commonplace . . . will make your lighting an integral part of the home's decoration. For dramatic, lovely lighting there is no finer choice.

5529

5531

5531: 2 Lts. Takes Candelabra base bulbs. An imported sconce that will add richness to any wall it graces. Solid cast brass piece is delicately chased to bring out its full beauty. Pin switch. Diameter of back: 4 1/2".

5529: 5 Lts. Symmetry and beauty in a delightful all imported lighting piece. Gracefully formed arms in French Gold enhanced by leaves lavishly chased. Shimmering imported crystal prisms in abundance. Crystal spear forms interesting central motif. Width 20"; Body length 23"; Overall length 42".

a combination of luxury and refinement

5534

5532 2 Lt.

5534: 3 Lts. Takes Candelabra base bulbs. Majestic in appearance . . . graceful and intricate in design. This all imported sconce is the epitome of decorative illumination. Pin switch. Oval back: 3½" x 6".

5532: Similar to 5534 but with 2 Lts.

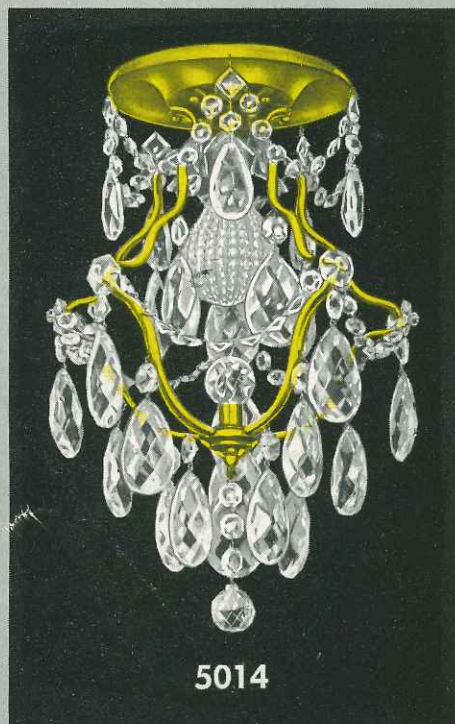

5523: 6 Lts. A dazzling array of handcut polished prisms are suspended from delicately cast arms and leaves. One look at this handsome all imported chandelier will convince you that here is an outstanding example of fine craftsmanship. Width 24"; Body length 21"; Overall length 42".

5523

Shimmering crystal against French gold . . . a combination as much desired today as it was in the Europe of old. Here are splendid reproductions of lighting pieces scaled to the rooms of today, equally impressive in the major locations in the home or milady's boudoir. Crystals are imported, hand cut and polished.

5014

5014: 1 Lt. Gives a room an air of unusual luxury. Imported drapes and pendants catch and reflect the rays of the lamp encased in a crystal beaded bulb cover. Exquisitely cut crystal ball in center. Width 11"; Length 16".

5453

5453: 5 Lts. A completely imported adornment for the well appointed room. A profusion of imported crystal pear-shaped balls is suspended from sweeping graceful arms. In the center is a highly polished crystal spear. Width 18"; Body length 21"; Overall length 42".

FINISH: FRENCH GOLD

5525

5525: 5 Lts. Calculated to make a room more beautiful — more cheerful. Every detail in this all-imported beauty, from its individual hand-chased castings, to the lustrous imported crystal ball at the bottom, reflects expert workmanship. Width 21"; Body length 23"; Overall length 42".

FINISH: FRENCH GOLD

5555

5555: 5 Lts. New individuality expressed in this all-imported brass and crystal. You'll admire the handsome hand chasing, the graceful contours and the sparkling imported pendants. A lighting unit of distinction. Width 20"; Body length 21"; Overall length 42".

Fine crystal is recommended by leading decorators and designers more than any other type of lighting. These pieces are the personification of all that's lovely in crystal.

5012

5012: 1 Lt. A beauty that can be used in the Powder Room, Hallway or in many other locations in the home. Imported cut crystal prisms and beaded bulb cover give a luxurious aura to this sparkling hanging piece. Width 11"; Body length 17"; Overall length 36".

5456-6 Lights
5459-5 Lights

5456: 6 Lts. A brilliant array of imported pendants make this one of Halcolite's loveliest imported pieces. Designed to grace the homes of the most fastidious. Width 20"; Body length 22"; Overall length 42".

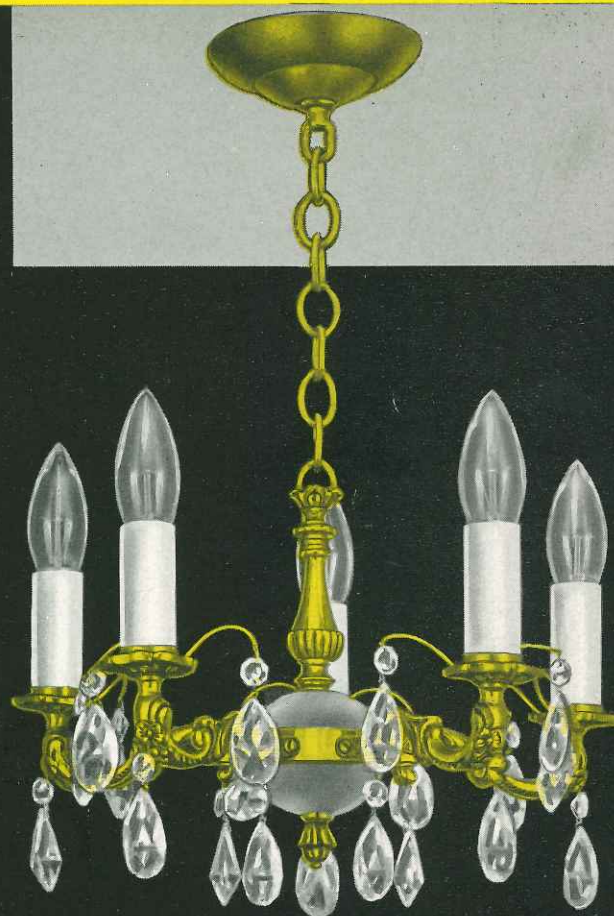

5459: Same as 5456 but with 5 lights.

Finish of Metal Parts: FRENCH GOLD

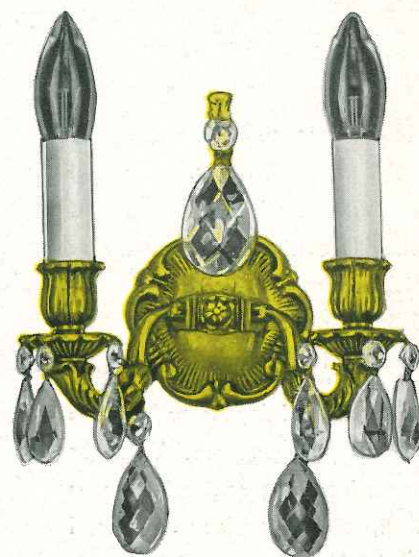

5528

5528: 5 Lts. There's a regal air about this distinctive imported fixture and yet an elegant simplicity. Trimmed with imported, fiery crystal prisms. Width 21"; Body length 23"; Overall length 42".

5486

5527

5527: 2 Lts. A jewel-like wall sconce of rare beauty with crystal prisms placed where they are the most effective. All imported. Pin Switch. Diameter of back plate 5".

5486: 5 Lts. Fine hand chased metal work with sparkling prisms make this all imported piece acceptable for almost any room location. Metal Ball is black. Width 15"; Body length 10"; Overall length 36".

Finish of Metal Parts: FRENCH GOLD

modern

Filigree

A HALCOLITE "First" in lighting . . . Modern Filigree is coming more and more to the fore. There's a certain airiness and freedom in its styling, that goes well with contemporary furniture and furnishings. Because of the simplicity of line, however, this new style trend blends perfectly with all interiors.

You'll like this radical departure from the conventional lighting source. Whether you want an inspiring center fixture, a hall lantern, a ceiling piece or a wall bracket, HALCOLITE has a unit for every need . . . for every location.

2318

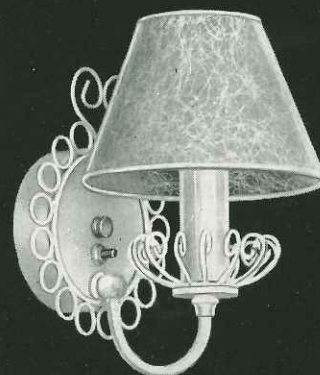

2318: 3 Lts. A lantern that will bring a refreshing note of decoration to the hall or foyer. Glass panels are etched with an intricate design. Cage: 13" x 18". Length 36". Finish: Black or White.

2311: 1 Lt. A charming modern bracket . . . the perfect wall decoration. Ringlet design on backplate is of special interest. Shade is decorative laminated VINYLITE. Pin switch. Dia. of backplate 4 1/2". Finish: Black or White.

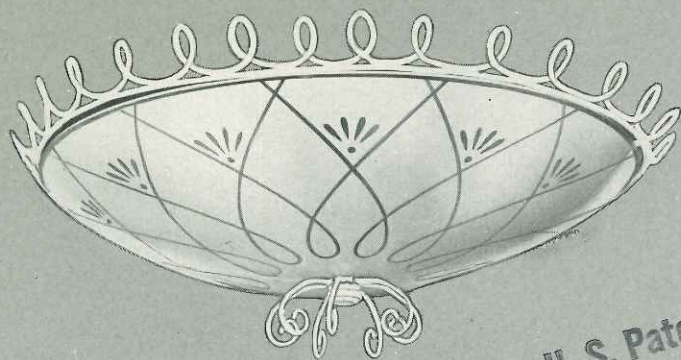

2313

2313: 3 Lts. You can think of innumerable rooms where this charming ceiling unit can be placed to good advantage . . . dinette, bedroom, foyer or rumpus room. Cage: 10" x 14". Overall length: 36". Finish: All White or Black and Gold.

2311

2324

U. S. Patent Office
APR 27 1953
Design Division

2324: 3 Lts. Takes up to 60W bulbs. A cheerful ceiling unit that follows the new filigree motif. Use it to brighten a dinette, bedroom or playroom. Diameter 17"; Dish: 15". Finish: Black or White.

2310: 5 Lts. The new way of informal living is best exemplified in this modern dining room chandelier. A light source that presents modern illumination at its very best. Shades of decorative laminated VINYLITE shield the bulbs and give a pleasant glow to the surroundings. Width 26"; Body length 17"; Overall length 42". Finish: All White or Black & Gold.

2310

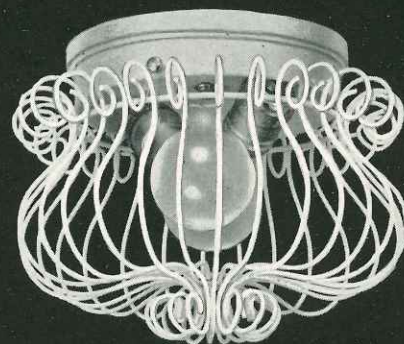

Positive proof that there's always something new in lighting. If you're seeking individuality in good taste, simply look at these two pages.

2323

2320

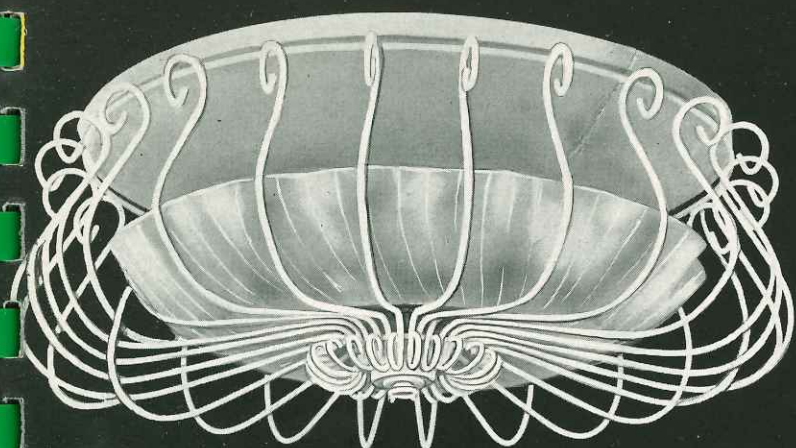

2312

2312: 2 Lts. Lyre-shaped grillwork surrounds this amazing hall light. Use it other places too . . . in the den, breakfast room, or some corner you want to be brighter and more interesting. Width 7"; Depth 9".

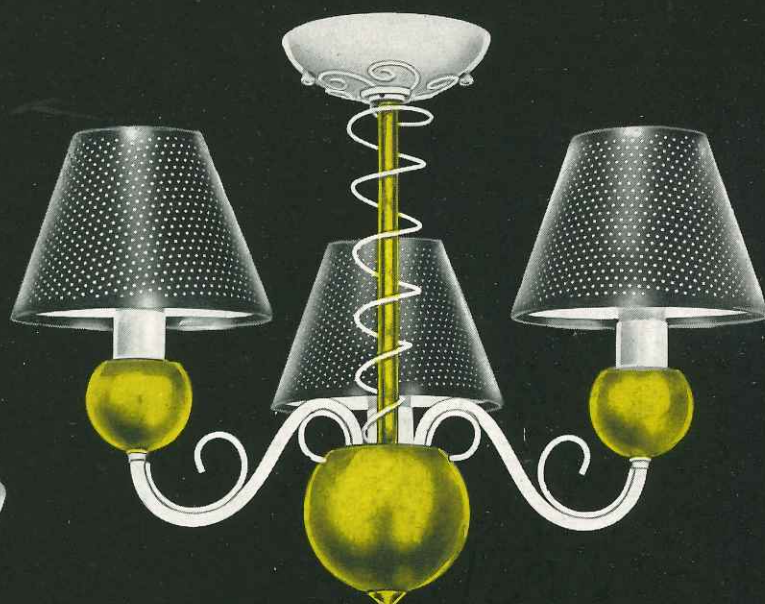

2320: 5 Lts. You give your dining room a lavish decorator look with this handsome filigree fixture. Low sweeping arms add to the interesting over-all effect. Width 20"; Body length 14"; Overall length 36".

2323: 3 Lts. A new concept of contemporary home lighting by HALCOLITE. The simple openwork effect will do much to enhance the beauty of a modern room. Width 18"; Body length 14"; Overall length 36".

Finish of Metal Parts: ALL WHITE OR BLACK & GOLD

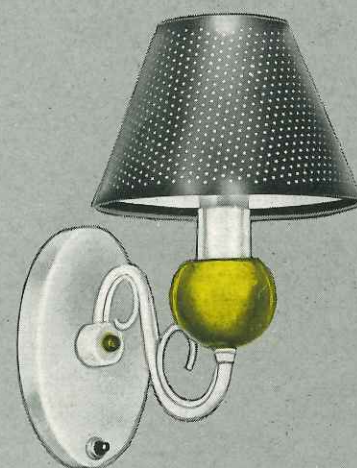

2315

2328

2325

2331

2325: 5 Lts. Something new and different in modern lighting. Note the spiral effect on the center rod — the large brass ball in the center and the smaller ones under the lights. Polka-Dot shades sparkle when illuminated. Body length 14½"; Overall length 36"; Width 22". Finish: Black and Gold or White and Gold.

2328: 3 Lts. A cleverly designed modern fixture for low ceiling rooms. Black shades provide diffused lighting while white dots allow sparkling light escapes. Length 14"; Width 16". Finish: White & Gold or Black & Gold.

2331: 1 Lt. A delightfully modern bracket that points up the wall and provides soft lighting in a room. Oval back: 3½" x 6". Finish: Black and Gold or White and Gold.

2315: 4 Lts. Takes up to 75W bulbs. A larger filigree ceiling light with a ceramic-treated dish for soft diffused illumination. Glass dish has soft lines like its outer wire component. Dia. 18"; Depth 8". Finish: Black or White.

modern

TRIOLITE . . .

A NEW IDEA IN LIGHTING

Introducing a modern lighting series that encourages originality . . . stimulates exciting new ideas in home lighting. Here are functional fixtures, but with warm decorative beauty. A new broader freedom in interior design is yours with these new modern HALCOLITES.

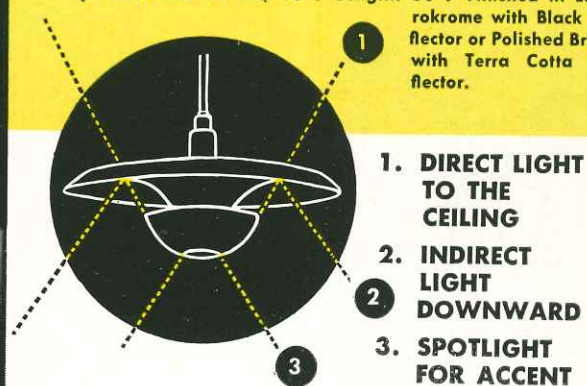

1200

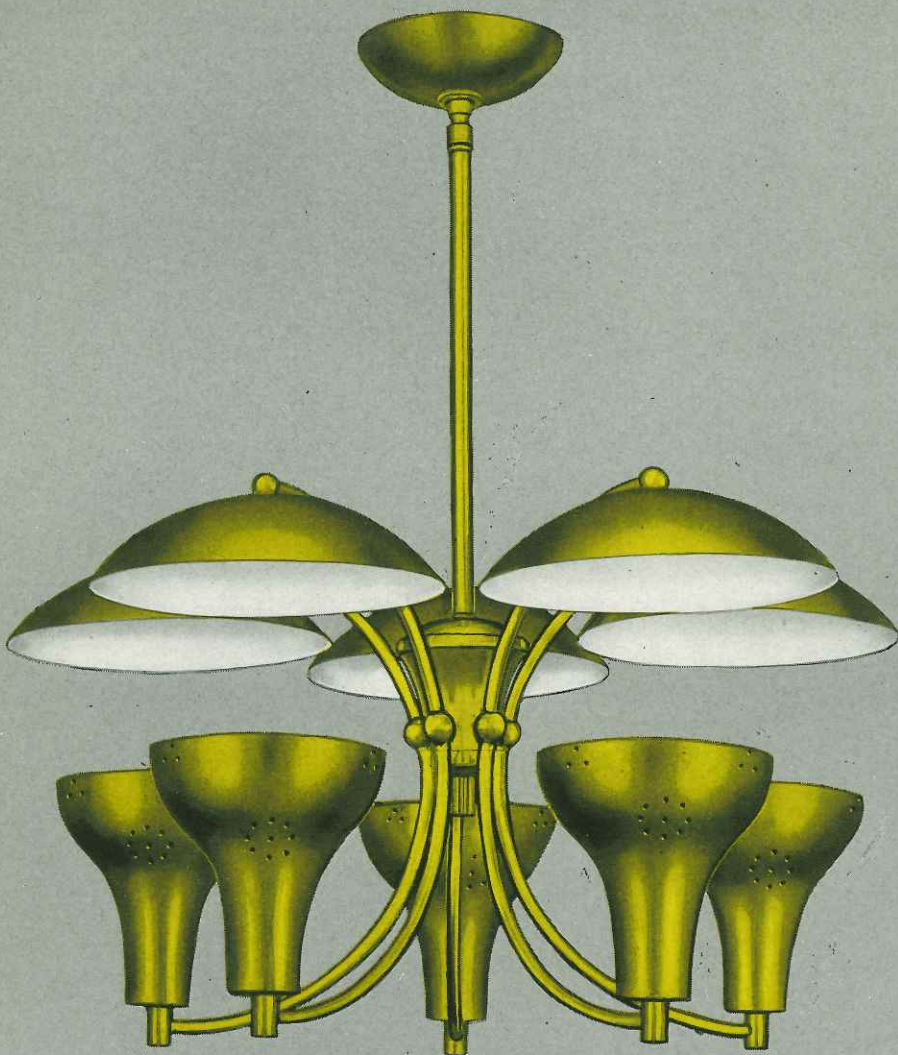

1202

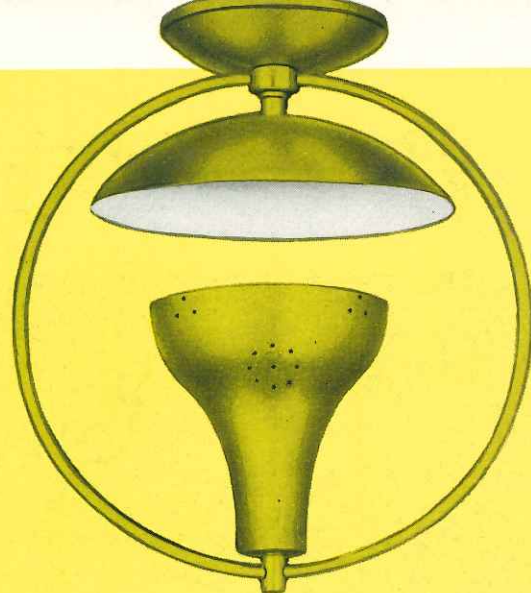

1202: 1-300W bulb. A Multi-Plane Lighting fixture that illuminates BOTH the ceiling and the area below. Pinhole perforations. Width: 18". Length: 30". Finished in Lustrochrome with Black reflector or Polished Brass with Terra Cotta reflector.

1200: 1-300W bulb. The new concept of Multi-Plane lighting is featured in this modern fixture. Special patented construction provides light BOTH on the ceiling and the area below. Fresnel Lens. Width: 18". Length: 30". Finished in Lustrochrome with Black Reflector, or Polished Brass with Terra Cotta Reflector.

1140

1146

1140: 5 Lts. Takes up to 75W bulbs. For the modern dining room. Individual reflectors catch illumination and distribute it evenly throughout the room. Tiny pinholes of light add a charming touch. Body length 13"; Overall length 42". Diameter 22". Finished in Polished Brass or Black & Brass.

1146: 1 Lt. Takes up to 75W bulb. Modern beamlight with bullet and reflector. Ideal for many locations in the home. Width: 13"; Depth: 13". Finished in Polished Brass or Black & Brass.

1104: 1 Lt. Takes up to 300W bulb. A combination of direct and indirect illumination for modern interiors. Fresnel lens. Dia.: 24". Overall length 30". Finish: Satin Aluminum or Black & Brass.

1141

1141: 1 Lt. Takes up to 75W bulb. A most unusual bracket with hooded reflector. Perforated light escapes. Pin switch. Height: 10"; Ext. 10". Finished in Polished Brass or Black & Brass.

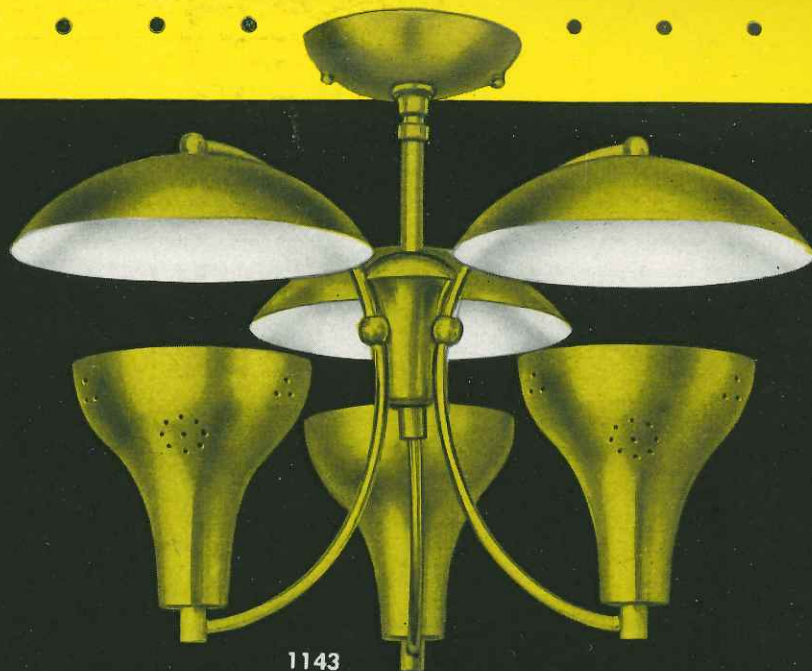

1104

1134

This group features lighting mobility. It gives you the right light where you want it, when you want it. The versatility and clear-cut modern contours of these fixtures makes them ideal for the modern styled room.

1143

1161

1134: 1 Lt. Takes up to 150W Bulb. Large reflector hood over modern unit with lens. Reel mechanism in the canopy enables you to raise or lower fixture to the height you want. Additional sparkle is provided by tiny perforations. Dia.: 21". Overall length: Adjustable 17" to 65".

1161: 3 Lts. Takes up to 75W Bulbs. Function and beauty are blended in this exciting modern unit. Perforated cone at bottom is shaped to give maximum light reflection on the hood above. Dia.: 21". Overall length: 30".

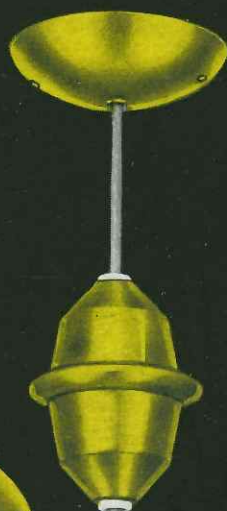

1143: 3 Lts. Takes up to 75W Bulbs. In keeping with the modern trend of good lighting from a simple design. Sweeping arms support hood reflectors creating a most pleasing effect. Dia.: 19". Length: 13".

Finished in POLISHED BRASS OR BLACK & BRASS

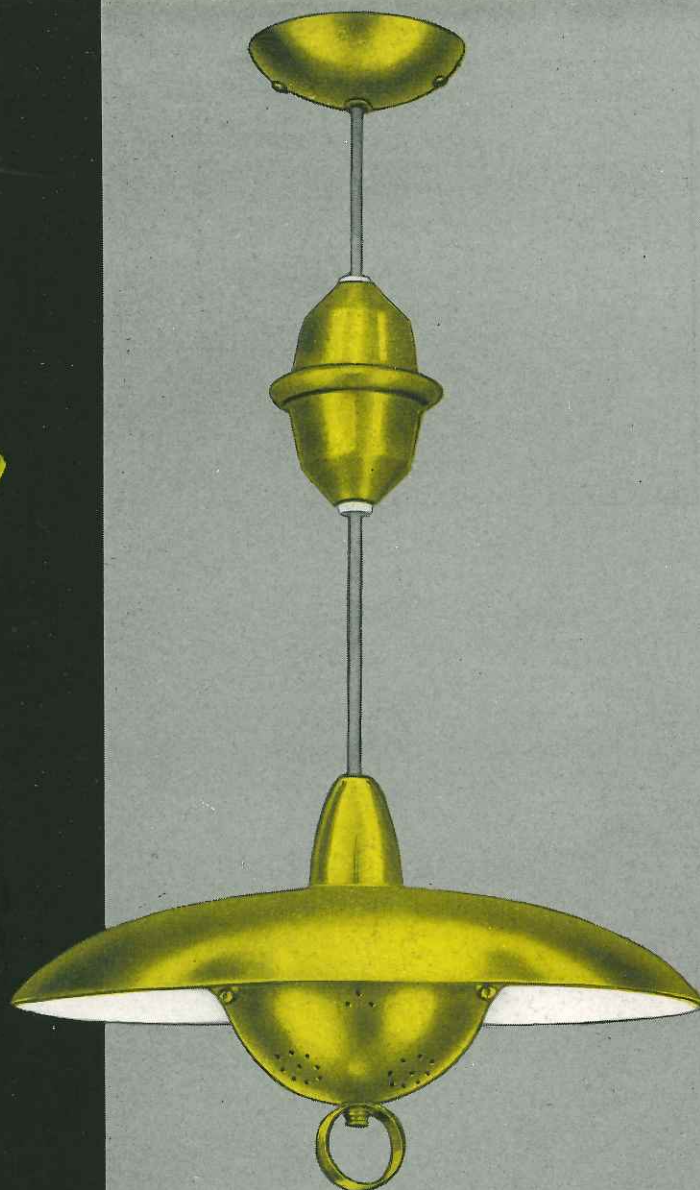

METAL REFLECTORS ARE WHITE ENAMELED ON THE INSIDE FOR MORE EFFICIENT ILLUMINATION.

1166

1165

1124

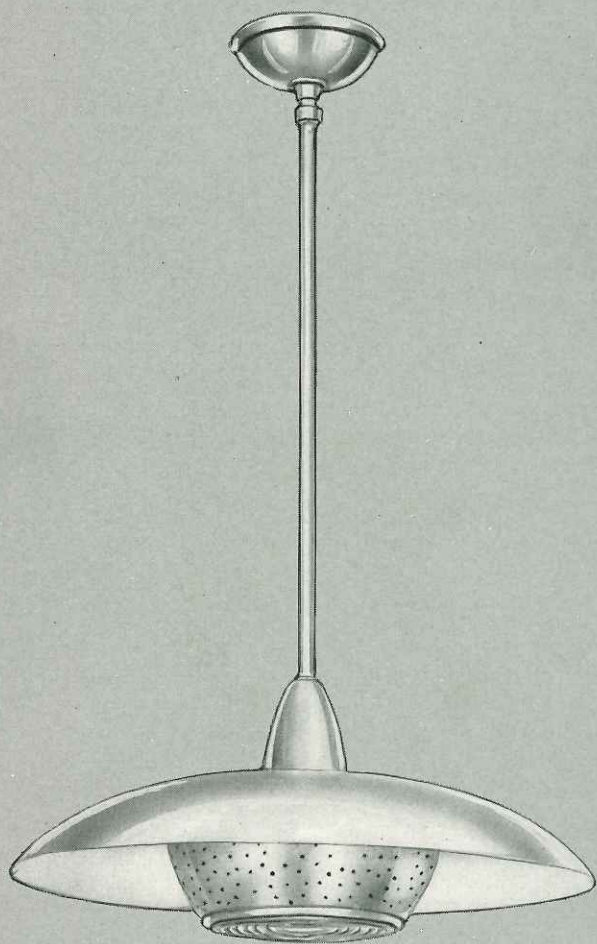

1166: 3 Lts. Takes up to 75W Bulbs. Bell shaped reel fixture with glass bottom to diffuse the light. Raises and lowers as you wish. Dia.: 18". Overall length: Adjustable 17" to 65". Finished in Polished Brass.

1165: 3 Lts. Takes up to 60W Bulbs. New and extremely modern. Decorative laminated VINYLITE shade with glass at bottom provides a soft glow over the room and a more concentrated light over the table. Raise or lower to any desired height. Dia.: 18". Overall length: Adjustable 24" to 54". Finished in Polished Brass.

1124: 1 Lt. Takes up to 150W Bulbs. Durable . . . beautiful . . . and versatile. Indirect lighting in a modern form. Reel mechanism enables you to raise and lower fixture to suit your needs. Dia.: 18". Overall length: Adjustable 24" to 54". Finished in Polished Brass or Black and Brass.

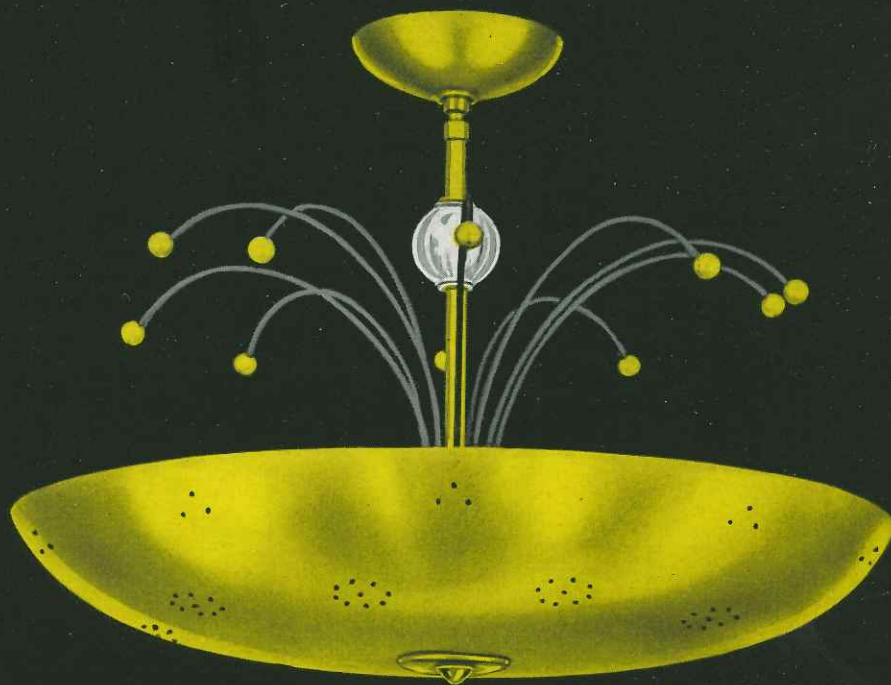

ALL METAL REFLECTORS ARE WHITE ENAMELED ON THE INSIDE FOR MORE EFFICIENT ILLUMINATION.

Modern decoration starts with your lighting. Any of these pieces will set the theme for a room's decor. Each is unusual and captivating in style.

1112

1112: 1 Lt. Takes up to 150W Bulb. Just what you need to complement your other modern furnishings. Decorative perforations — Fresnel lens at bottom. Dia.: 18". Length: 36". Finished in Satin Aluminum or Polished Brass.

1130

1130: 5 Lts. Takes up to 75W Bulbs. A modern piece designed to be admired and desired. Graceful black spray-like motifs above bowl is most unusual . . . most delightful. Reflector is perforated for added beauty. Dia.: 21". Depth: 15". Finished in Polished Brass.

1158

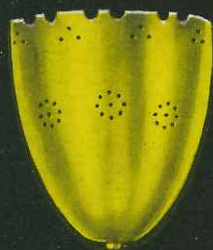

1158: 3 Lts. Takes up to 75W Bulbs. Sprightly in appearance, decoratively perfect for modern interiors. Black spray-like motif above bowl is most unusual . . . most delightful. Reflector is perforated for added beauty. Dia.: 14". Depth: 13". Finished in Polished Brass.

1136

1116

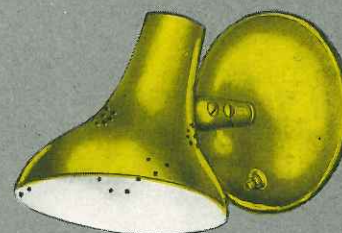

1125

1111

1155

1132

1111: 1 Lt. Takes up to 100W Bulb. Perfectly proportioned for many locations in the modern home. Fresnel lens. Dia.: 8 1/2". Depth: 7". Finished in Polished Brass or Satin Aluminum.

1116: 2 Lts. Takes up to 60W Bulbs. Lends dignity and charm. Ceramic lens for eye comfort. Dia.: 12". Depth: 5". Finished in Polished Brass.

1125: 1 Lt. Takes up to 75W Bulb. Wall pocket that adds charm and beauty to the room it illuminates. Pinswitch. Width: 6". Length: 7". Finished in Polished Brass or Satin Aluminum.

1132: 1 Lt. Takes up to 75W Bulb. Adjustable arm enables this modern bracket to be fixed in any position. Backplate: 5". Finished in Polished Brass or Satin Aluminum.

1136: 3 Lts. Takes up to 60W Bulbs. Snug-to-ceiling piece that's modern to the smallest detail. Ceramic-treated white glass for good lighting. Dia. 14". Finished in Satin Brass.

1155: 5 Lts. A new design in modern lighting. This fixture with its opal shades and uniquely different arm arrangement will delight all lovers of contemporary furnishings. Width 22"; Body length 17"; Overall length 42". Finish: Polished Brass & Black.

650

651

These three striking units, designed with an eye to symmetrical beauty were conceived for use in every interior. Featuring the popular shallow bowl and fresnel lens for accent lighting, they are different and exciting.

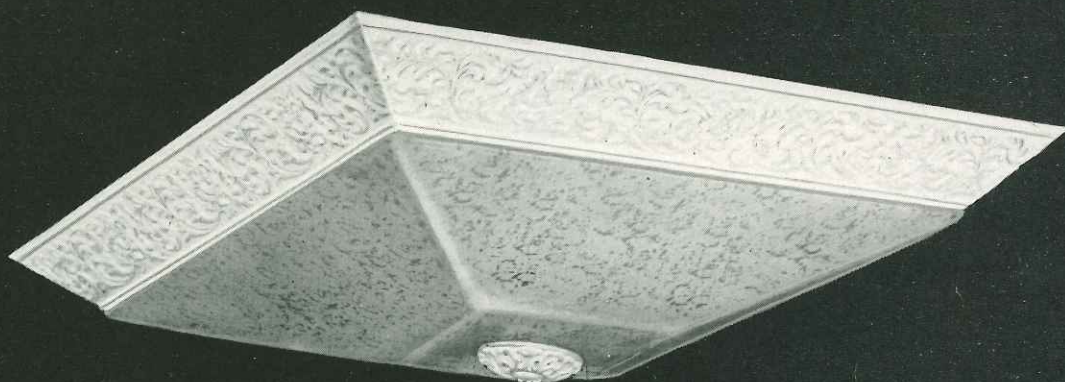

653

650: 5 Lts. Takes up to 75W Bulbs. Tripod suspension lends a modern accent to this dining room center piece. Shallow ceramic treated bowl provides overall room illumination. Fresnel lens flatteringly spotlights the beauty of a table's setting. Dia.: 21". Length: 20". 3-way switch is mounted on lens ring to control the amount of light.

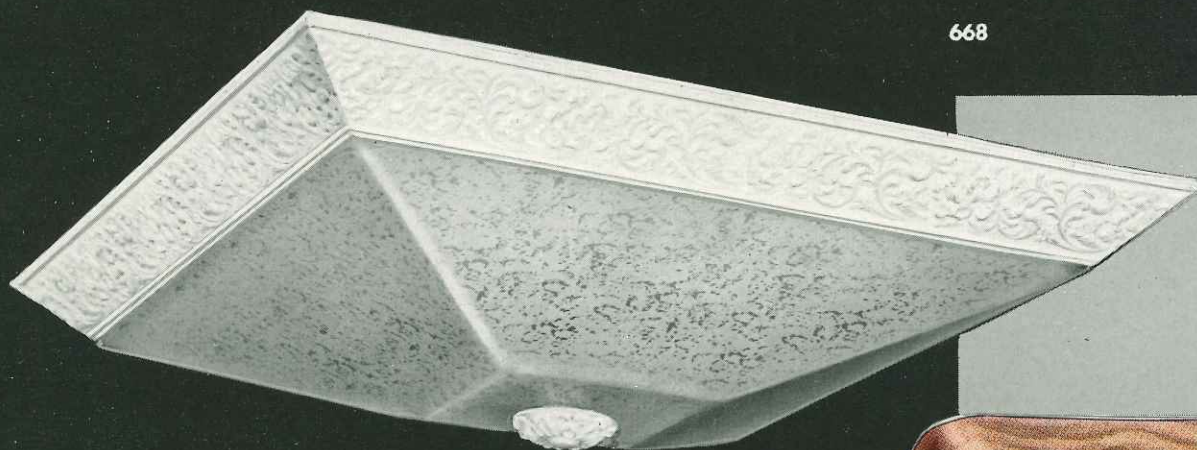

651: 5 Lts. Takes up to 60W Bulbs. A large impressive decorator's choice ceiling piece that's as modern as they come. Colorful spattered ceramic treated glassware with radiating lines. Fresnel lens directs glareless lighting downward. Dia.: 21".

653: 4 Lts. Takes up to 60W Bulbs. Here is a creative design at its modern best. A close-to-the-ceiling dish that's impressive in its simplicity—rich in its decorative value. Ceramic-treated glassware blends with every decorative scheme. Dia.: 21".

Finish: POLISHED BRASS OR SATIN CHROME

668

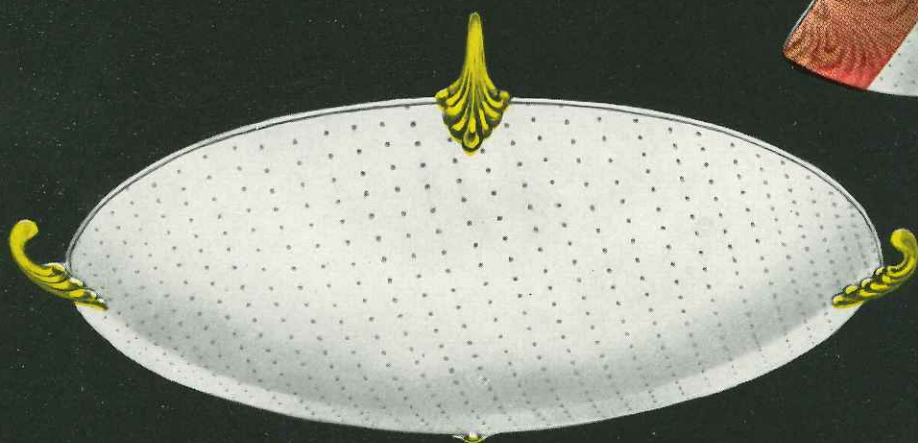

669

U. S. Patent Office
APR 27 1953
Design Division

638

674

668: 3 Lts. Takes up to 60W Bulbs. There's a classic note to this modern ceiling unit. Band is metal finished in white, artistically embossed with floral motif. White knob at bottom, to match. Mottled glass. Band: 18 1/2" sq. Dish.: 15" sq. Finish: Mat White.

669: 4 Lts. Takes up to 60W Bulbs. A decorating "first" for the modern room. Lovely ceramic-treated glass fits snugly into white embossed metal band. Knob at bottom carries embossed pattern to match. Band: 21 1/2" sq. Dish.: 18" sq. Finish: Mat White.

674: 4 Lts. Takes up to 60W Bulbs. Four cast scrolls support this handsome ceramic-treated glass dish with polka dot design. Its classic lines makes this unit ideally suited for a bedroom or dining room. Dia.: 18". Finish: French Gold.

638: 3 Lts. Takes up to 60W Bulbs. Woodgrain design in the glass of this unit lends an informal note. Will brighten up the den, child's room or dinette. Width: 15" sq. Finish: Polished Brass.

IMPORTED

Overlay

Overlay glass has always been symbolic of the finest old world craftsmanship. It is made by firing a layer of white glass over a green or clear glass base . . . then cutting away to allow the base glass to show through in dainty design. Tiny gold and floral hand painting is then fired in to give this beautiful glass its final touch.

5035

5035: 5 Lts. Decorators and others who prefer fine close-to ceiling units will choose this handsome overlay fixture. Bottom dish, center fount and bobesches are exquisite overlay. Arms are metal, finished in gold. Perforated metal gallery. Wealth of glistening prisms. Width 18"; Length 13".

5355

5355: 5 Lts. A most handsome overlay chandelier for traditional and modern decor. Drip cups, fonts and top—even the arms, feature hand cut overlay glass. Cascades of cut jewel chain and hand cut prisms. Width 21"; Body length 24"; Overall length 42".

5027: 1 Lt. Elegant sconce delicately colored with an overlay bobesche and backplate, and richly adorned with imported crystal prisms. Pin switch. Dia. of backplate 4 1/4".

5027

Finish of Metal Parts: FRENCH GOLD — Overlay Glass: WHITE OVER GREEN OR WHITE OVER CLEAR

5354

5363

5026

5352

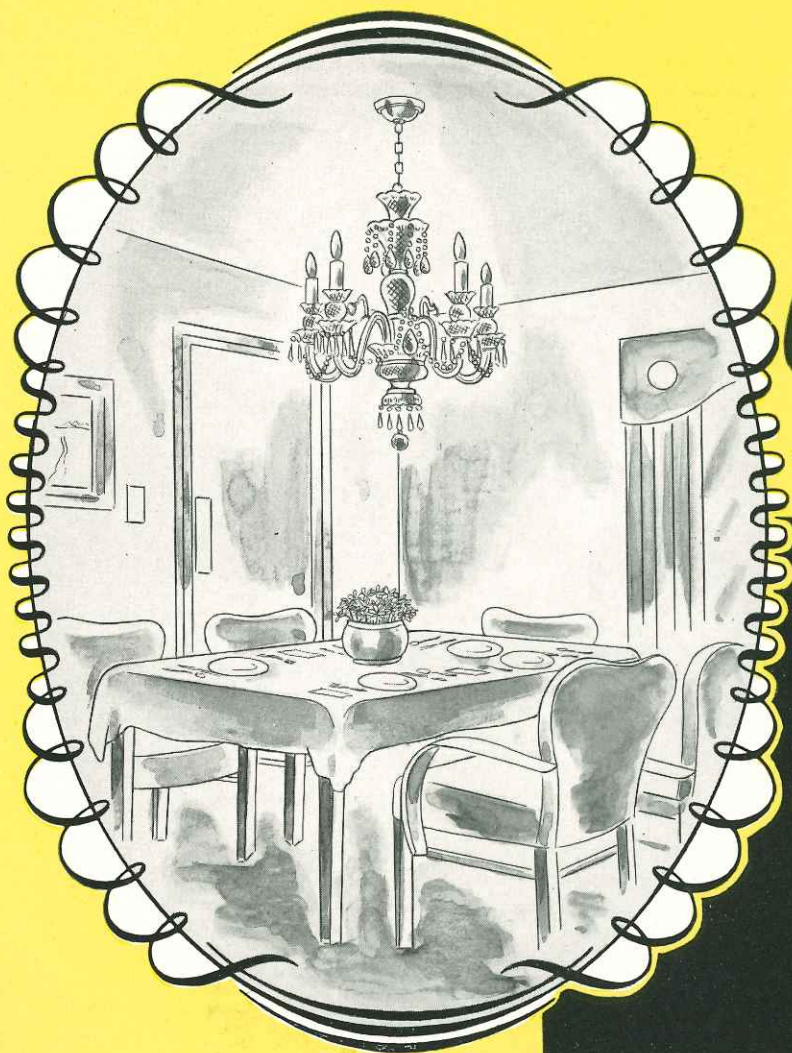

5354: 1 Lt. A smartly styled overlay lantern of enduring beauty. Imported crystal prisms and beads. Dia. 9"; Body length 15"; Overall length 36".

5026: 5 Lts. Note the delicate workmanship on metal arms, and the profusion of imported prisms. Overlay glass has floral design fired in for permanency. Width 22"; Body length 17"; Length 42".

5363: 5 Lts. An important lighting piece scaled for the smaller dining room or bedroom, that will never lose its charm. Colorful and gay . . . an inspiring lighting source, of imported overlay with crystal arms and prisms. Width 19"; Body length 20"; Overall length 42".

5352: 2 Lts. A wall bracket of imported overlay with crystal prisms. Pin switch. Dia. of backplate 5".

Finish of Metal Parts: FRENCH GOLD — Overlay Glass: WHITE OVER GREEN OR WHITE OVER CLEAR

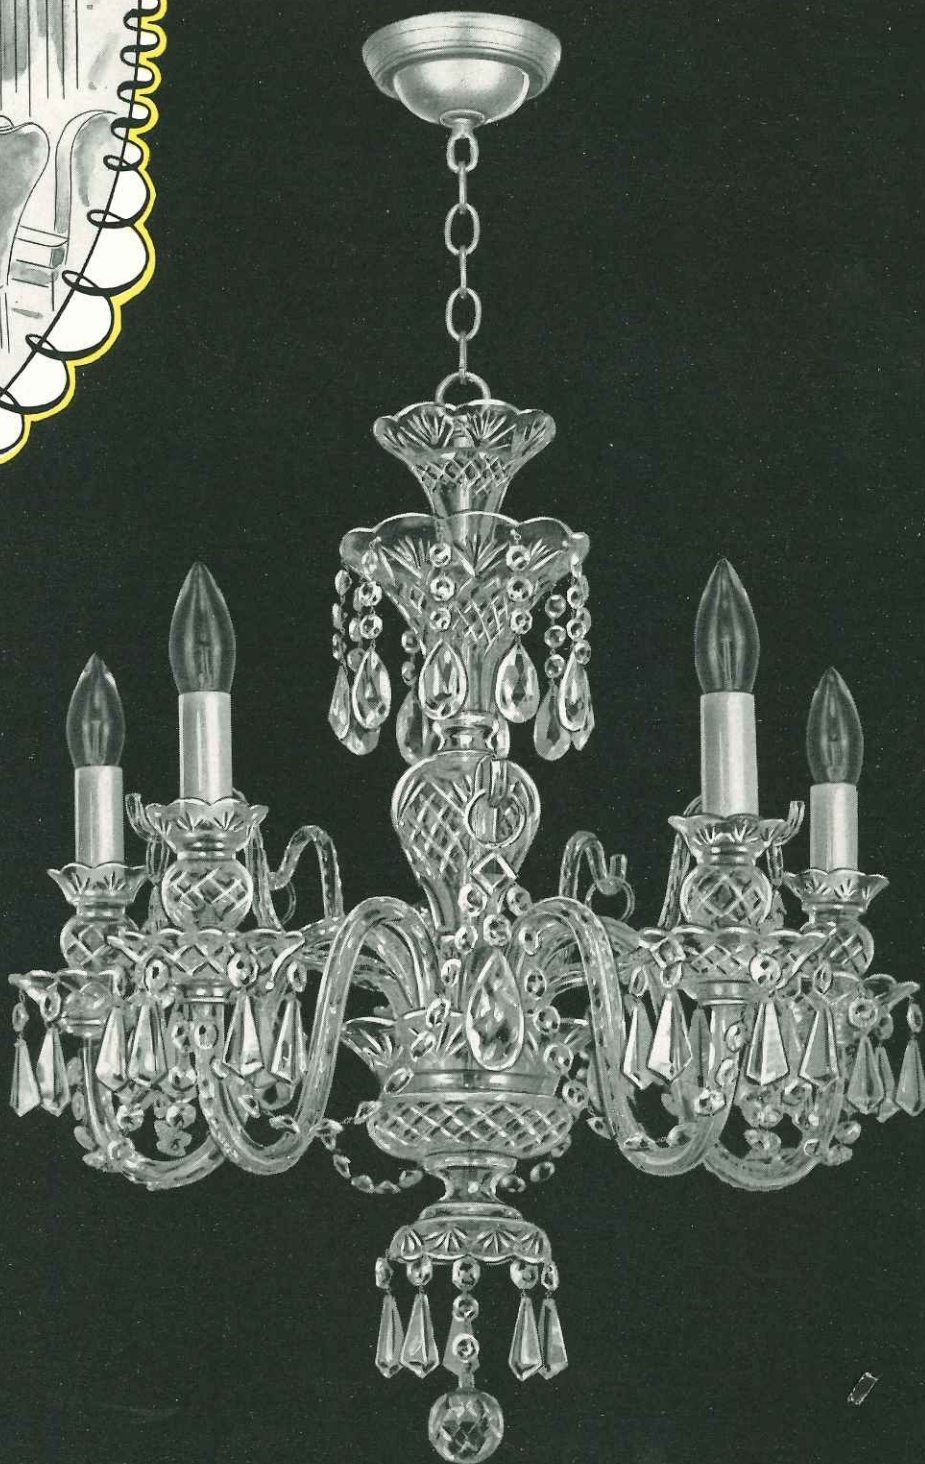

Crystal

ELEGANCE

Any room becomes more important . . . more inspiring . . . and more beautiful with the addition of a sparkling crystal chandelier. The flash and fire of crystal beads, prisms, spears and pendulogues bring a lift to an interior — one long appreciated by leading decorators and designers . . . and by those who will not compromise with quality.

5565: 5 Lts. A noteworthy chandelier with deep sweeping cut crystal arms. Every bead, every prism . . . in fact, every bit of this enchanting fixture has been hand cut and polished abroad. This is the finest in crystal lighting. Width 24"; Body length 26"; Overall length 42". Finish of metal parts: Chromium.

5565

This lovely hand cut hurricane shade is used on the 5387 referred to below.

Shade for 5387

5356 5 Lt.
5357 6 Lt.

5356: 5 Lts. Glitter and glamour in one inspiring chandelier. All imported piece with hand cut crystal arms and scrolls, shimmering prisms and cut crystal ball at the bottom. Width 23"; Body length 28". Overall length 42". Finish of metal parts: Chromium.

5357: Same as 5356 but with 6 Lights.

5386: 5 Lts. Each component part of this luxurious imported crystal fixture is hand cut and polished to give the maximum in brilliance. Width 22"; Body length 23"; Overall length 42". Finish of metal parts: Chromium.

5387: 5 Lts. Similar to 5386 but with hurricane shades as illustrated above.

5386
5387 with shades

Stunning renditions of crystal in the style of traditional lighting. They reflect the brilliance and graciousness that have made crystal the outstanding choice for years.

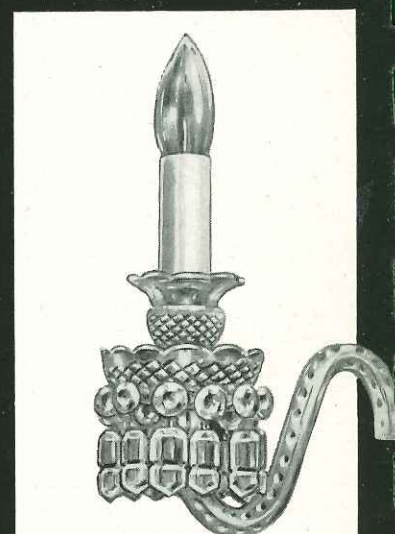

5404

5404: 5 Lts. A resplendent imported piece — scaled down for bedrooms and smaller dining rooms — that shimmers like a myriad of precious stones. Festoons of hand-cut beads suspend from crystal crown and dip gracefully to slender crystal arms. Width 18"; Body length 18"; Overall length 36".

5393

5392

5392: Same as 5393 but in candle-type as illustrated above.

5393: 5 Lts. All the crystal on this imported chandelier — from the trumpet shaped top to the scalloped bobesches — have the most delicate Waterford cutting we've ever seen. Add to this, baguette prisms of intense fire and sparkle, and the effect is breathtaking. Hand-cut hurricane shades. Width 23"; Body length 21"; Overall length 42".

5392: 5 Lts. Same as 5393 but with stately crystal candle cups as shown in insert. Width 21"; Body length 21"; Overall length 42".

Finish of Metal Parts: CHROMIUM

5566

5496

5566: 5 Lts. A hand-cut crystal vase is the central motif on this all-imported chandelier. It is surrounded by glistening crystal chain which blends with the hand-cut and polished prisms suspended from the scalloped bobesches. Width 24"; Body length 23"; Overall length 42".

5496: 5 Lts. Long pendant prisms accent the graceful lines of this exquisite chandelier. From top to bottom this piece exemplifies the finest in workmanship . . . the best in lighting value. Width 26"; Body length 17"; Overall length 42".

Finish of Metal Parts: CHROMIUM

The inherent beauty of crystal is timeless. These sparkling chandeliers by Halcolite will be as fashionable and desirable fifty years from now as they are today. Luxurious lighting for the present . . . priceless heirlooms for years to come.

5560

5562 Candle Type

5561
5563 with Shades

5560: 5 Lts. Nothing is more gracious than an all imported sparkling chandelier like this. Imported crystal spears and prisms. Crimped cut hurricane globes. Width 20"; Body length 17"; Overall length 42".

5562: Similar to 5560 but Candle Type, less shades.

5561: 5 Lts. Imported chandelier of special appeal for all who have high regard for crystal loveliness. Hand cut and polished beads, prisms and spears. Width 21"; Body length 17"; Overall length 42".

5563: Similar to 5561 but with shades as on 5560.

FINISH OF METAL PARTS: CHROMIUM

5482

5484

5482: 5 Lts. An all imported fixture worthy of the finest dining room or living room. Deep flowing cut crystal arms . . . hand polished spears . . . prisms galore. Inverted crystal glass bowl at top catches every flattering ray of light. Cut crystal ball at bottom. Body length 23 1/2"; Overall length 42"; Width 24".

5484: 2 Lts. A wall scone with beauty that only quality can impart. Pin switch. Dia. of back-plate 5".

FINISH OF METAL PARTS: CHROMIUM

In the pursuit of a more beautiful home, this group of crystal chandeliers can play an important part. Their lustrous beauty will bring endless hours of contentment and satisfaction.

5127
5128 Candle Type

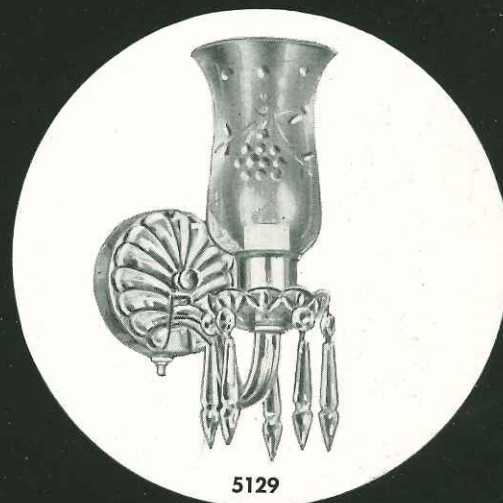

5535-5 Lt. Crystal

5537-6 Lt. Crystal

5536-5 Lt. Amber

5538-6 Lt. Amber

5129

5127: 5 Lts. Created for the home of good taste. A myriad of crystal prisms gives this chandelier sparkle and brilliance. Imported hurricane globes are finely etched. Body length 24"; Overall length 42"; Width 23". Finish of Metal Parts: Chromium.

5128: Same as 5127 but in candle type.

5129: 1 Lt. Hand-cut shade . . . imported crystals. Crystal Back: 4 1/2". Metal Parts: Chromium.

5537: 6 Lts. Simplicity is the keynote of this rich and stately crystal chandelier of modern design in clear crystal. For traditional as well as modern interiors. Width 23"; Body length 21"; Overall length 42". Metal Parts: Chromium.

5535: 5 Lts. Similar to 5537. Metal Parts: Chromium.

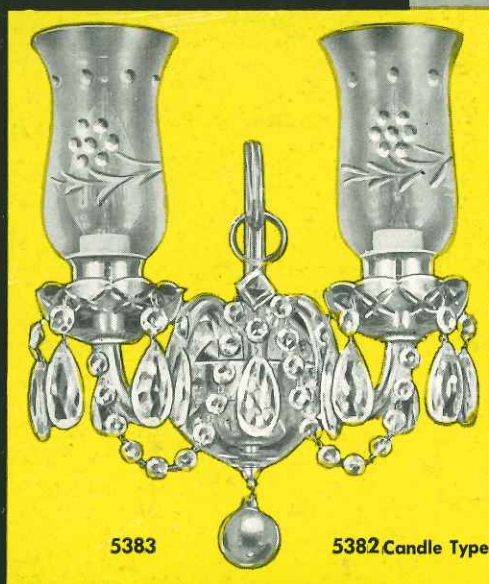

5536: 5 Lts. Similar to 5537 but in Amber. Metal Parts: French Gold.

5538: 6 Lts. Similar to 5537 but in Amber. Metal Parts: French Gold.

5385

5384 Candle Type

5383

5382 Candle Type

5368

5367 Candle Type

5385: 5 Lts. For those who demand exquisite design in crystal lighting we highly recommend this exceptionally fine chandelier. Hand cut colonial hurricane globes. Festooned with crystal chain. Rich cut imported prisms and spears. Width 22"; Body length 17"; Overall length 42".

5384: Same as 5385 but in candle type without shades.

5383: 2 Lts. Gracious wall sconce of unusual beauty. Pin switch. Diameter of back plate 4 1/2".

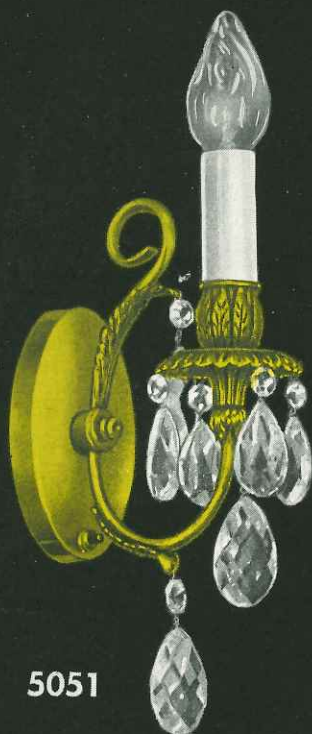

5382: Similar to 5383 but candle type without shades.

5368: 5 Lts. This illustrious imported chandelier with brilliant crystal prisms is a diadem of beauty . . . fits into any decorative scheme. Body length 17"; Overall length 42"; Width 21".

5367: Same as 5368 but in candle type.

Finish of Metal Parts: CHROMIUM

Home fashion starts with lighting . . . and these handsome pieces of crystal and gold lend an air of elegance to any interior. Whether it be a central chandelier, a wall sconce, or both, it will be in keeping with today's trend to luxuriousness in the home.

5051

5052

5050

5052: 2 lts. Imported prisms give this wall bracket fire and brilliance and make it a thing of beauty. Pin switch. Back plate 3 1/2 x 6".

5051: 1 lt. Sconce of gold and imported crystal that will beautify the wall it graces. Pin switch. Back plate 3 1/2 x 6".

THE PRISMS AND JEWELLED CHAIN SHOWN ARE IMPORTED . . . HAND CUT AND POLISHED.

1005

1000

1008

1001

A dramatic achievement in the blending of mirrors and crystal with metal finished in French Gold or Antique Silver. These elegant aristocrats reflect the skill of meticulous craftsmen.

1009

1000: 3 Lts. Richly ornate for the boudoir, living room or dining room. Imported crystal pendalogs and beaded festoons. Metal gallery encircles handcut mirrored top. Dia. 12"; Depth 10".

1001: 1 Lt. For the hall and powder room that needs "dressing up." Imported crystal beads and prisms. Dia. 8".

1005: 5 Lts. Handcut. Impressive and important is this graceful ceiling piece. Overhead cut mirror reflects all the beauty of imported Crystals. Dia. 16"; Depth 12".

1008: 1 Lt. A most desirable sconce, with hand cut beveled mirror back. Pin switch. Backplate 4 1/2" x 10".

1009: 2 Lts. Wall sconce of extreme beauty, features hand cut beveled mirror back. Pin switch. Dia. of backplate 5".

Finish of Metal Parts: FRENCH GOLD OR ANTIQUE SILVER

These crystal chandeliers will bring out the true elegance of a room . . . highlighting the drapes and furnishings and making them even lovelier than ever. This is the true nature of fine imported crystal.

5340

1078 - 8"

1080 - 10"

5467

550

1078: 1 Lt. With its sparkling crystal drops suspended from a crystal umbrella, this charming imported hall piece will bring an air of luxury into the home. Diameter 8". Overall length 36". Finish of metal parts: Chromium.

1080: 1 Lt. Similar to 1078 but 10" in diameter.

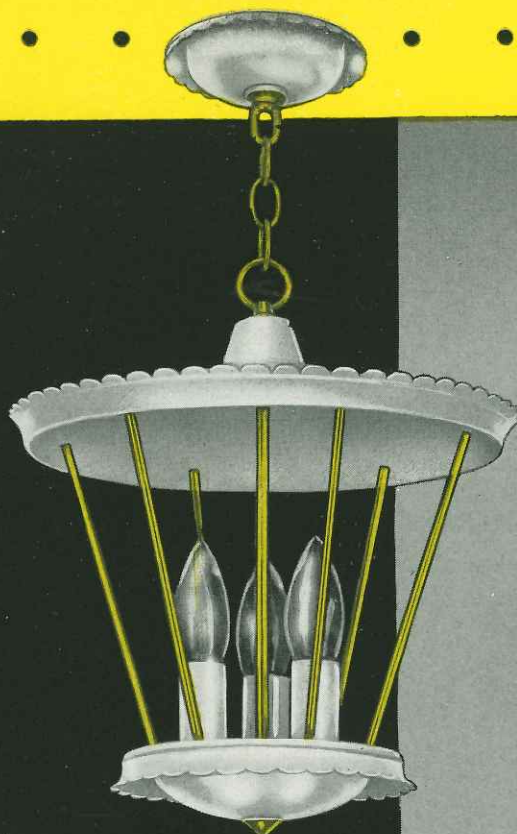

5340: 5 Lts. Long, deep-cut spear prisms of glittering imported crystal are suspended from an ornamental French Gold metal rim. Top dome is the finest imported hand-cut crystal. Diameter: 13"; Body length 21"; Overall length 36". Finish of metal parts: French Gold.

5467: 5 Lts. An all-imported flattering crystal chandelier that will inject a fashionable note into the room. A perfect mingling of pear-shaped prisms and tapered pendalogues. Width 22"; Body length 19"; Overall length 42". Finish of metal parts: Chromium.

550: Perforated metal shade clamps on bulb. Height 5"; Dia.: 5 1/4". Available in Red, Green, White, Gold or Silvertone.

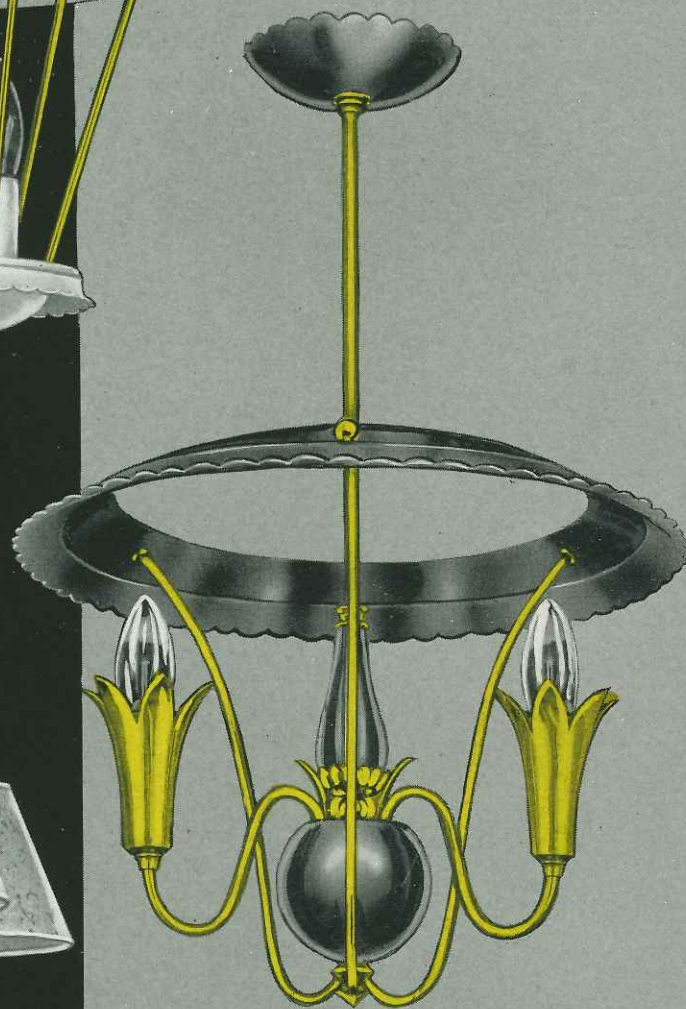

2332

2326

1975

2327

1975: 5 Lts. A masterful fixture for modern living. Spray-like motif and creeping vine add decorative interest to this well formed chandelier. Decorative VINYLITE shades. Width 20"; Body length 18"; Overall length 42".

2326: 3 Lts. Created for modern interiors. An unusual hall lantern or dinette piece that sets the style for the room. Diameter 13"; Body length 14"; Overall length 36". Also available in Yellow & Gold.

2327: 3 Lts. It's new . . . it's different . . . it's smart. Cut-away hood and lily shaped lamp holders add unusual interest to this modern fixture. Diameter 18"; Body length 14"; Overall length 26".

2332: 1 Lt. Takes up to 150W bulbs. The conical hood and opal glass of unusual contour give this HALCOLITE a very modern feeling. Diameter 14½"; Body length 16"; Overall length 36".

Finish of metal parts: WHITE & GOLD or BLACK & GOLD

3225

3226: Same as 3225 but with these handsome handcut crystal shades.

3236
3235 Candle Type

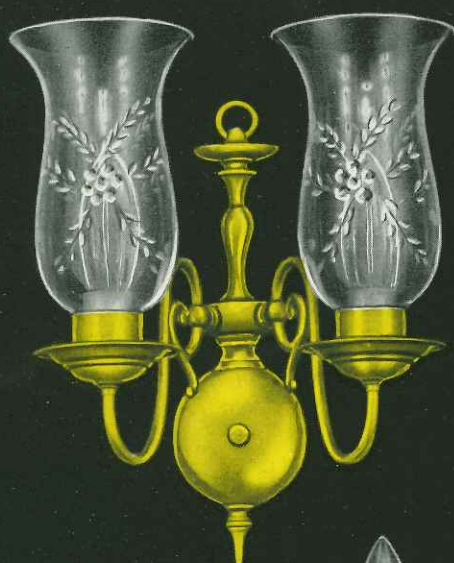

3225: 6 Lts. A distinguished all imported chandelier for those who prefer dignity and simplicity in their lighting. Scroll-type arms support candles and drip cups. A magnificent example of the finest in metal working. Width 27"; Body length 12"; Overall length 42".

3226: Similar to 3225. But with handsome deep cut hurricane globes, as illustrated above.

3236: 6 Lts. An imposing all imported design for a traditional room. Deep sweeping arms hold crystal hurricanes etched in a colonial design. Width 26"; Body length 30"; Overall length 42".

3235: Similar to 3236. But in candle style, without hurricane globes.

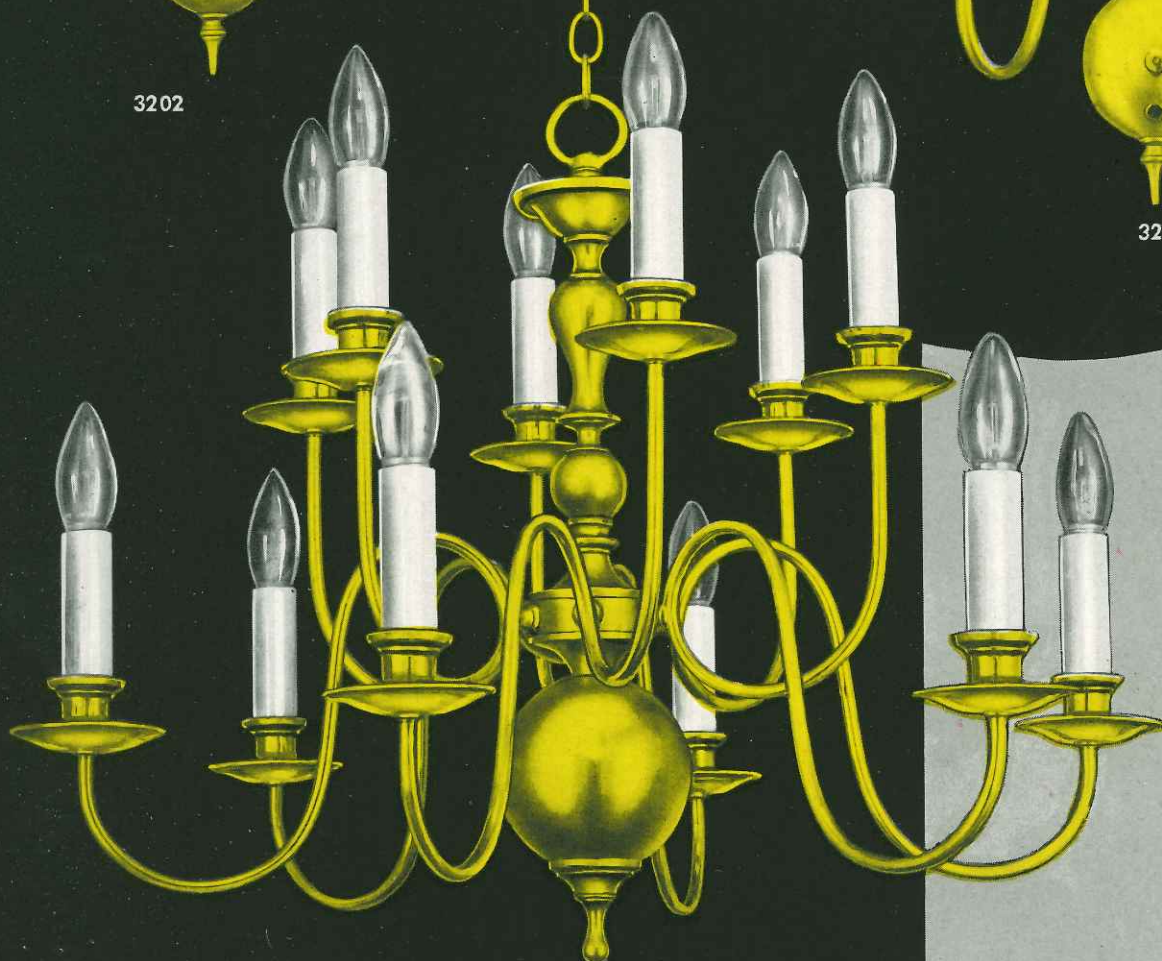

FINISH: POLISHED BRASS

3202

3214

3230

In the style of
Olde
Williamsburg

3230: 12 Lts. A large and impressive imported Flemish fixture faithfully and authentically reproduced from the original. Its many candelabra make this chandelier ideal for the spacious public room or dining room. Width 29"; Body length 21"; Overall length 42".

3214: 2 Lts. In keeping with fine tradition this sconce offers dignity to any wall. Back is solid cast brass. Pin switch. Backplate 3 3/4" x 13".

3202: 2 Lts. A wall bracket executed with superb fidelity and recommended for the most exacting interiors. Back is solid cast brass. Pin switch. Backplate 3 3/4" x 13".

FINISH: POLISHED BRASS

Lighting

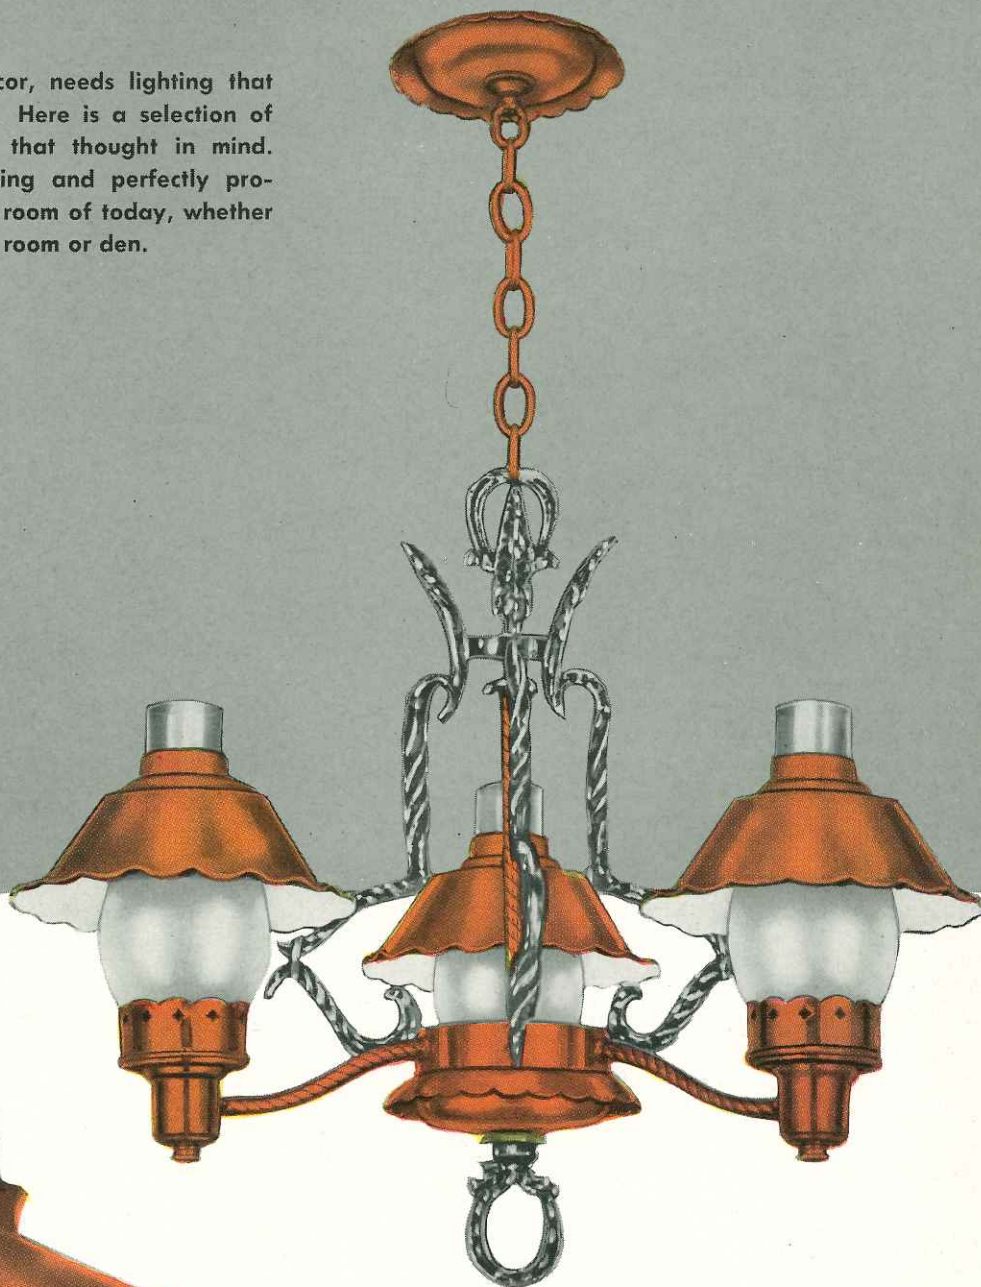

THE RUSTIC ROOM

The Rustic Room, like those of other decor, needs lighting that is distinctive to its own particular styling. Here is a selection of colorful fixtures specifically created with that thought in mind. Each has been designed for modern living and perfectly proportioned to fit a definite spot in the rustic room of today, whether it be the dinette, larger dining room, living room or den.

1222

1222: 1 Lt. Takes 300W lamp. An impressive looking hanging lantern. Frosted cylinder conceals bulb . . . gives soft, diffused lighting. Diameter 18"; Body length 17"; Overall length 36". Finish: Copper and Wrought Iron.

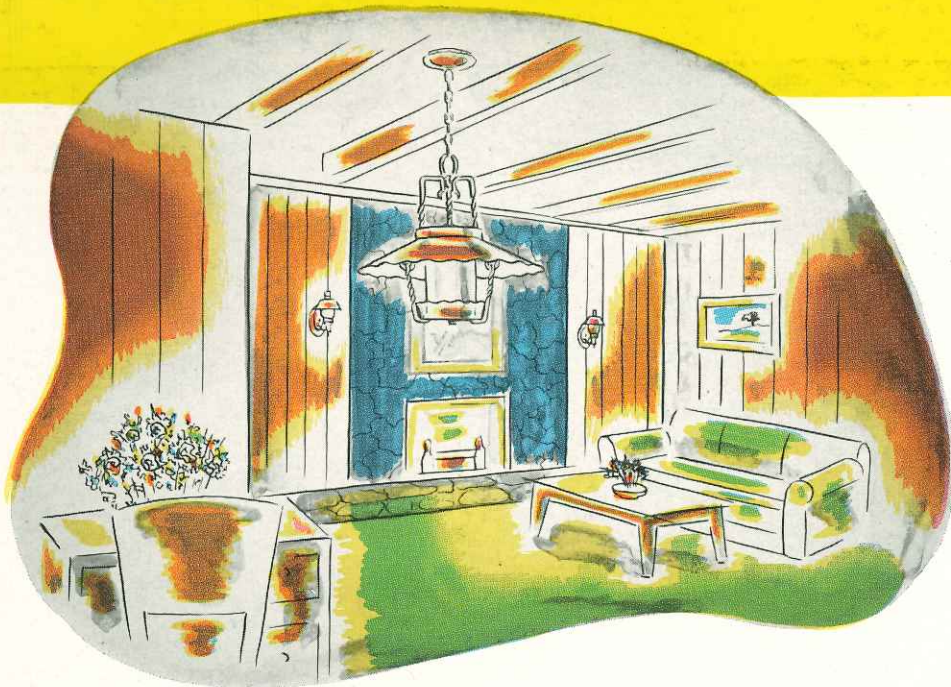

1223

1223: 3 Lts. Takes up to 75W bulbs. Smart looking hooded fixture scaled for dinette or bedroom. Wrought iron body and arms. Hoods, canopy and chimney holders of satin copper. Width 22"; Body length 18"; Overall length 36".

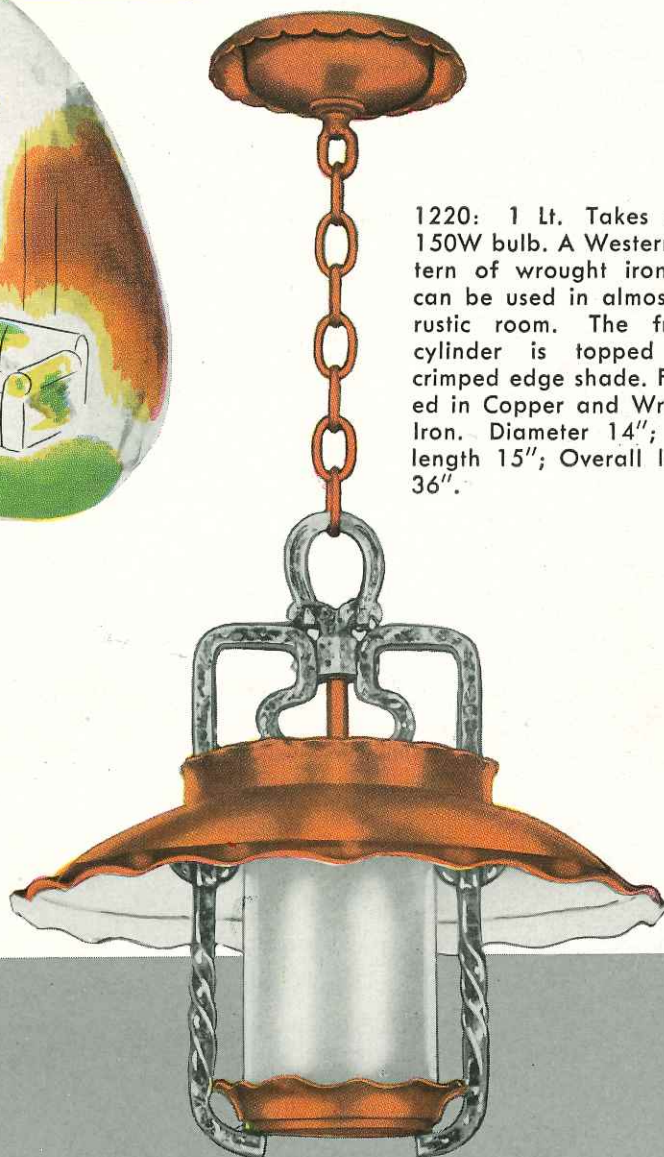

1225: 5 Lts. Takes up to 75W bulbs. There's a flavor of the Old West in this sturdy hanging unit. Can be used over the dining table or hung in the Living Room or Den. Width 25"; Body length 18"; Overall length 42".

1221: Takes 75W bulb. For the wall of the rustic room. Copper shade and pieplate back. Pin switch. Backplate diameter 5".

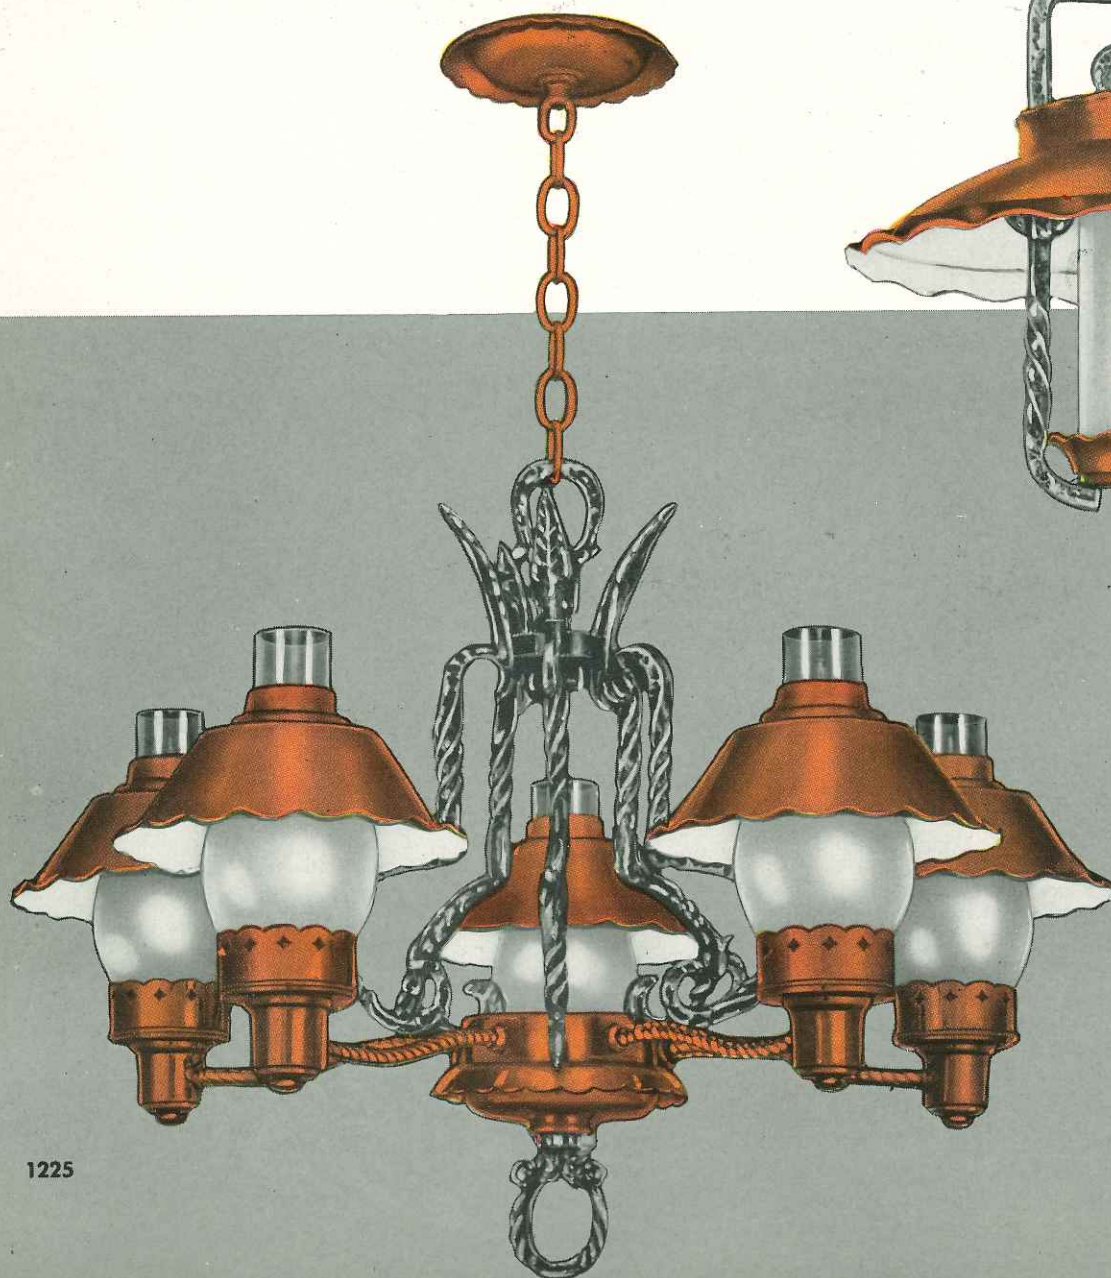

Finish of metal parts: SATIN COPPER AND BLACK WROUGHT IRON

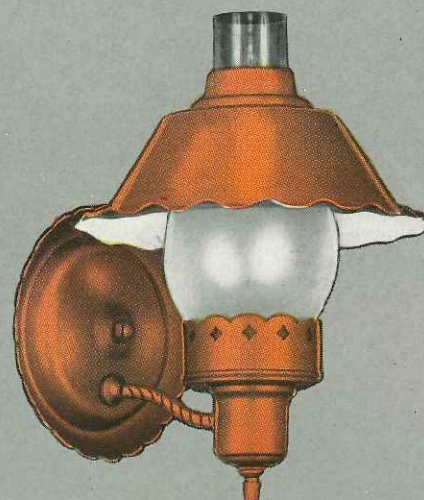

1220: 1 Lt. Takes up to 150W bulb. A Western lantern of wrought iron that can be used in almost any rustic room. The frosted cylinder is topped with crimped edge shade. Finished in Copper and Wrought Iron. Diameter 14"; Body length 15"; Overall length 36".

1220

1225

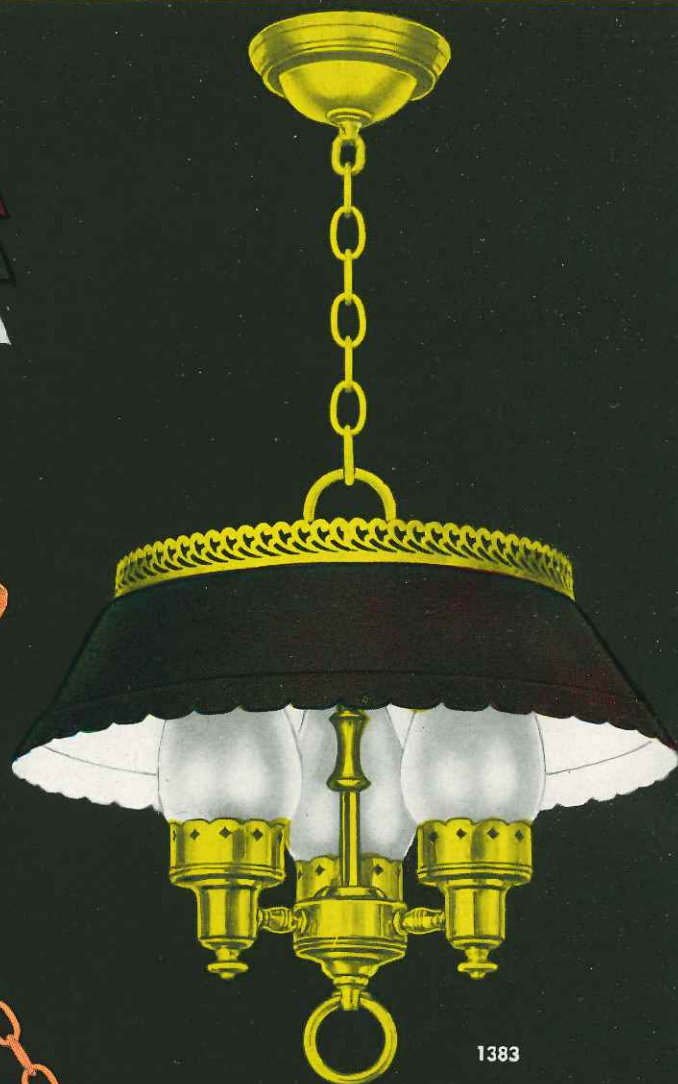

1221

1380

1361

1383

282

Tole is always in style, especially when you can acquire such authentic reproductions as these. Perfect for the Dining Room, Breakfast Nook or Dining Alcove . . . or almost any informal room. Attractive metal galleries, chimneys and finishes.

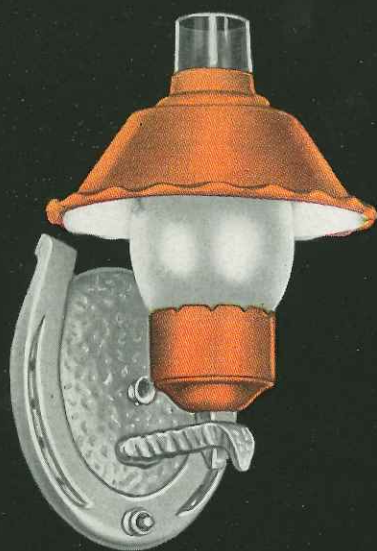

1380: 5 Lts. Takes up to 75W Bulbs. An impressive hanging unit that's traditionally correct. Ocean-wave gallery, shallow hood with scalloped bottom. Frosted chimneys. Body length 16"; Overall length 42"; Dia. 18".

1361: 1 Lt. Takes up to 75W Bulb. A small bracket to brighten that dark corner or wall. Frosted chimney. Pin switch. Dia. of backplate 5".

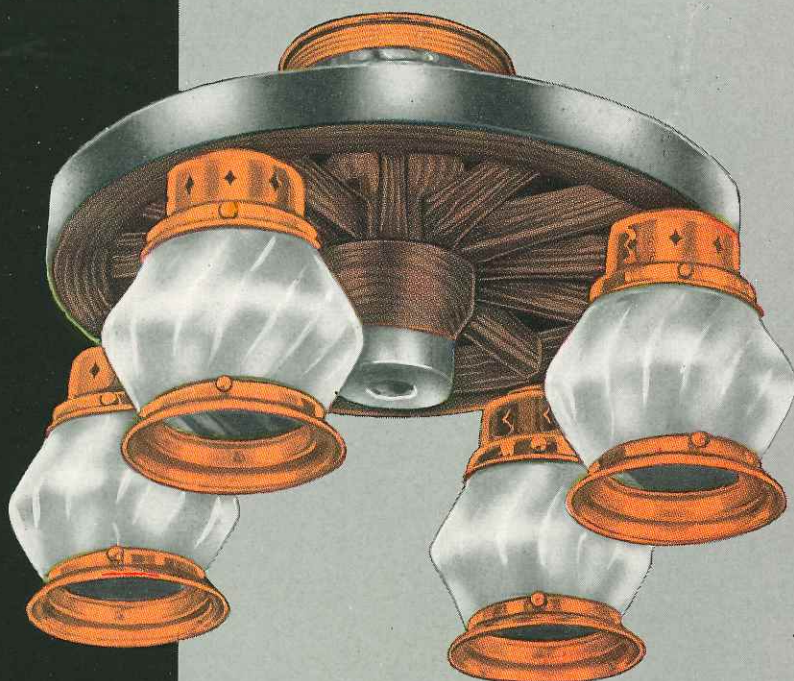

1383: 3 Lts. Takes up to 75W Bulbs. A happy choice for over the Breakfast Nook table. Colorful scalloped hood topped with open gallery in Colonial Brass. Frosted chimneys. Dia. 16"; Body length 14"; Overall length 36".

282. See facing page.

FINISH OF METAL PARTS: POLISHED BRASS WITH RED, GREEN OR PEWTER REFLECTOR

286

281

285

284 - 4 Lights

281: 4 Lts. Takes up to 75W Bulbs. Actual Wagon Wheel ceiling piece, so popular in the rustic rooms of today. Also favored for use in Rumpus Rooms and Taverns. Sturdy and attractive with frosted globes and black metal rim on the wheel. Diameter: 18".

282: 4 Lts. Takes up to 75W Bulbs. Metal banded wagon wheel, suspended on chains, supports four distinctive frosted glass lanterns. An unusual piece for an unusually fine effect. Dia. 18"; Length 36".

FINISH OF WOOD: WALNUT

FINISH OF METAL PARTS: BLACK WROUGHT IRON AND COPPER

285: 6 Lts. Takes up to 75W Bulbs. Made to order for the Hunting Lodge, Ranch Home, Tavern or Restaurant. Black wrought iron band around an actual wagon wheel. Attractive scalloped hoods on chimneys. Wrought iron horseshoe centers over wheel. Length 36"; Dia. 24".

284: Same as 285, but with 4 lamps. Dia. 18".

286: 1 Lt. Takes up to 75W Bulb. Wrought iron horseshoe bracket. Pin switch. Back plate 6" x 7".

The versatility of these bright, cheerful hooded pieces makes them wonderfully suited for the den, dinette, rum-pus room, children's room or rustic kitchen. Whichever fixture you choose, you can be assured of authentic styling and expert craftsmanship.

- 1575: 1 Lt. Takes up to 150W Bulb. Width 17"; Length 36".
- 1576: 1 Lt. Takes up to 75W Bulb. Length 11"; Width 10".
- 1215: 1 Lt. Takes up to 100W Bulb. Width 12"; Length 36".
- 1216: 1 Lt. Takes up to 100W Bulb. Length 13 3/4"; Width 12".
